isaac's Journey...
 “where HOPE begins”

After the death of her 2 year-old son Isaac, Linda has started the Isaac's Foundation. The Foundation will work to find a Corporate sponsor to label the “Gold” Ribbon which stands for Childhood Cancer on product materials. It is also our Mission to educate and inform others of the need for Childhood Cancer Research and to help fund research projects. With education & information implemented we HOPE to change cure rates for our future generation. Every advancement in curing Childhood Cancer has come through Research.
